IF YOU ARE PLANNING TO MOVE

FIND OUT FIRST if telephone service can be provided without delay at the new location of your residence or place of business. To avoid possible disappointment, please call our Business Office—Dial 811.

Many orders for moving existing service or for installing new service can be filled only after extended delay because equipment shortages exist. Needed materials have been hard to get and demands for telephone service have been the heaviest ever experienced.

The manufacture and installation of new telephone equipment is a complex job requiring considerable time to make it a working part of the System but every effort is being made to provide facilities as quickly as possible for all who want telephone service.

Orders which cannot be filled promptly are carefully listed in accordance with their dates of receipt, and applicants are notified just as soon as their turn is reached. Each application is filled in its proper turn.

TOLL CALLS

STATION-TO-STATION CALLS—If you will talk with anyone who answers the number you are calling, dial or call the Operator and tell her the city, state and the telephone number. If you don't know the number, say "St. Louis, Missouri, Anyone at Read Co., 2100 Broad Street." The charge for a station-to-station call begins when the called telephone answers.

PERSON-TO-PERSON CALLS—If you want us to connect you with some particular person, or with a particular extension telephone or department reached through a private switchboard, call Long Distance—Dial 211. Tell the Operator the city, state and person (or extension) you want and also the telephone number if you know it. The charge is slightly more than for a station-to-station call and begins only when you reach the person (or extension) you want.

COLLECT CALLS—If you want the charge for a toll call to be put on the bill of the called party, tell the Operator when you make the call that it is a "Collect Call." If someone at the called telephone agrees to accept the charges, you will be connected. Collect calls cost no more than other toll calls, except in the case of most station-to-station calls having a basic charge of 25c or less. The time at the calling point governs the application of rates on collect calls. Collect calls cannot be made to ships at sea, or to points outside the United States, except Alaska, Canada, Cuba, Hawaii and Puerto Rico.

Toll Rates from Downtown Brooklyn

Night and Sunday rates are generally in effect from 6 P.M. to 4:30 A.M. and all day Sunday. Station-to-station rates of 25 cents or less are for 4 or 5 minutes. Other rates are for 3 minutes. Rates and times are those in effect Nov. 7, 1951. The time at the calling point governs the application of these rates.

METROPOLITAN AREA TELEPHONE SERVICE

Metropolitan telephone service is furnished in an area comprising New York City, Southern Westchester and most of Nassau County. This area is divided into zones as shown on the map below and charges for calls are based on the zoning.

Completed calls from Brooklyn to points within the area specified are billed for the initial period at the rate of 1 to 6 message units per call depending on the distance between zones. An additional charge applies on calls of more than 5 minutes as shown under overtime charges on the next page. Your monthly local service charge includes an allowance of message-units for outgoing calls. Any message-units in excess of the number allowed appear as a single item on your bill and are charged on a downward sliding scale, starting at 5¢ each.

No charge is made on calls not completed because of a "line busy," a "don't answer" condition or for any other reason. If you get a wrong number, dial the operator and report the matter to her. If you get a "busy" or "don't answer," try the call again in a few minutes.

HOW TO DETERMINE THE NUMBER OF MESSAGE UNITS FOR CALLS FROM BROOKLYN TO POINTS IN THE METROPOLITAN TELEPHONE SERVICE AREA

1 From the table above, determine the zones in which the telephone you are using and the one you are calling are located.

2 From the table below, determine the number of message units which apply on station-to-station calls for the initial period.

MESSAGE UNITS PER CALL FOR THE INITIAL PERIOD FROM NON-COIN TELEPHONES IN BROOKLYN

OVERTIME CHARGES

The initial period for calls within the Metropolitan Telephone Service Area is 5 Minutes.

WHERE THE INITIAL PERIOD CHARGE IS	THE OVERTIME CHARGE IS
2 Message Units	1 message unit for each additional 3 minutes or fraction thereof,
3 or 4 " "	1 " " " " 2 " " " "
5 or 6 " "	1 " " " " 1 minute " " "

COLLECT AND PERSON-TO-PERSON CALLS

Collect and person-to-person calls within the Metropolitan Telephone Service Area are accepted where the station-to-station initial period rate—as shown in the table above—is three or more message units. The charges for such calls are equal to the station-to-station rate at 5 cents per message unit plus an added charge of 10 cents per call. These charges are billed separately and are not combined with other message units used. Dial 211 for these calls.

Directory Services

Every customer in Brooklyn is given a directory of Brooklyn telephones.

Alphabetical Directories are also available without charge for Manhattan, The Bronx, Queens, Staten Island and suburban points. To give these books to all Brooklyn customers would be an inconvenience to most of you. In cases where they are needed, they are furnished on request.

This directory is and remains the property of the Telephone Company. Please return your old book when a new one is delivered. You will thereby avoid the possibility of calling wrong numbers through reference to an out-of-date directory. If your directory becomes lost or badly worn, the Business Office will replace it.

Directory Listings

If you have a telephone you are entitled to one free listing. If you have more than one telephone line, you are entitled to one free listing for each line up to three. Listings in addition to your free listings may be obtained at a small monthly charge.

When you get a new directory, please check your own listings, and, if incorrect, notify the Business Office at once so that we may adjust our records for the next issue and protect your service in the meantime.

Many telephone users take additional listings so that their telephone numbers will be listed in other places in our directories where people may look for them. They may be secured by calling the Business Office—Dial 811.

The Classified Directory

Every Brooklyn customer is also given a separately bound classified directory printed on yellow pages. It lists all Brooklyn business and professional telephone numbers under suitable headings.

No matter what commodity or service you want, you can generally find in the classified directories someone who can supply it.

Additional listings and advertisements in the classified directory may be arranged for by calling the Business Office—Dial 811.

Personal Number Lists

The quickest, easiest way to get telephone numbers is to have your own personal list. We have two attractive indexed booklets for just this purpose — designed after we had asked thousands of telephone users what kind they would like. For pocket or handbag—2⅝" x 4"—with space for 235 names, addresses, telephone numbers and memoranda. For home or office—4⅛" x 7⅛"—with space for 400 names, addresses and telephone numbers. There is no charge for either booklet. Just call our Business Office—Dial 811.

Information Service

"Information" is for those numbers not in your personal numbers list or the directory.

Here are some special steps we are taking to help you get the numbers you want without calling "Information."

Constantly improving Directory Arrangements at public telephones.

Improved Listing Arrangements in all telephone directories.

More Directories at busy public telephones and private switchboard extensions. If additional directories are needed, let us know.

Memo Paper at busier public telephones, for jotting down telephone numbers.

Free Announcement Cards for Subscribers, to notify friends or customers when they have new or changed numbers.

Attractive Booklets for keeping personal number lists. (See above.)

Identification of Employees

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a card showing the Company's name and the employee's number and photograph. Other Telephone employees also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this Company, but who cannot so identify himself.

Telegrams by Telephone

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from public telephones, paying as you would for a telephone call.

Time of Day and Weather Forecast Calls

Time of day information—Dial or call ME ridian 7-1212
Weather forecast ———Dial or call WE ather 6-1212

Calls to Overseas Points

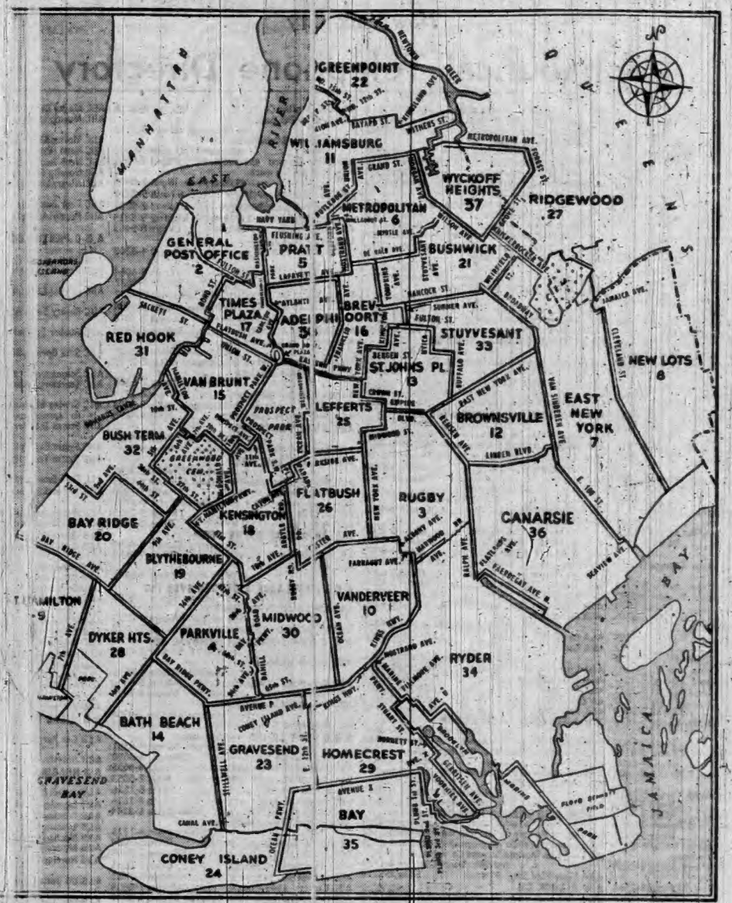
Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator (Dial 211).

Some typical week-day rates for a three-minute call are: To Argentina, Australia, Denmark, Italy, the United Kingdom and the U.S.S.R., $12.00; to Colombia, Hawaii and Venezuela, $9.00; to Bahamas, Puerto Rico and Virgin Islands, $7.50; and to Bermuda $6.00. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Displaying Telephone Numbers

It will be a convenience to those who call you if you will print your telephone number on advertising material and stationery just as you do your street address.

While we cannot guarantee any number will be permanent, we change no numbers unless the needs of the telephone system make it essential to do so. When a number is changed, we give as much advance notice as possible.



Customer Service Bureau

The Telephone Company maintains a Customer Service Bureau whose sole job is helping business people to make more effective use of their telephone service. Its services are available to you without charge. All you need do is call the Business Office—Dial 811—and ask that a representative call on you.

Attachments to Telephones

The Company does not sanction the use of any devices except those furnished by it. This is in the interest of good service, since many of the devices offered for sale which are claimed to improve the service actually interfere with the service. Where ordinary equipment does not meet any particular need the Company is ready to furnish special equipment at reasonable rates.

BROOKLYN POST OFFICE
ZONE NUMBERS

Mail matter is not completely addressed unless the zone number forms a part of the address. The zone number must follow "Brooklyn" and precede "N. Y." as follows:

Mr. John Doe
00 Court St.
Brooklyn 2, N. Y.

Do not guess at the zone number. Ask your own postman or call the telephone number shown below and let us supply the correct number for each person on your mailing list. There is no charge for this service. For additional instructions see "Aids to Prompt Mailing" on page 4 of the Classified Directory.

Telephone: MA in 4-1000
